Belonged To Man at Claremore or Tulsa, Says Sheriff.

(By the Associated Press)  
MUSKOGEE, March 1.—The automobile that Henry Starr and his bandit gang used at Harrison, Ark., on February 18, when the bandits attempted to rob the People's National bank, belonged to a resident of Claremore, Okla., Sheriff J. S. Johnson of Harrison said last night, upon his arrival here to take J. M. Eowless of Claremore back to Harrison to answer a charge of being implicated in the affair.  
The automobile was stolen in Tulsa two days before the robbery, Sheriff Johnson said.  
Johnson is of the opinion that the robbery was planned either in Tulsa or Claremore.

# CHAMP CLARK IS SINKING FAST

(By the Associated Press)  
WASHINGTON, March 1.—Hope for the recovery of representative Champ Clark virtually was abandoned today by his physicians.  
The democrat house leader and former speaker, who is ill with pleurisy and a complication of other diseases remained in a state of coma most of the morning and apparently was losing ground.

# JUDGE LANDIS MAY BE IMPEACHED

House Committee Ordered To Prepare and Present Charges Tomorrow.

(By the Associated Press)  
WASHINGTON, March 1.—Impeachment charges against Federal Judge Landis were ordered today by the House Judiciary committee with instructions to report tomorrow.  
The sub-committee will recommend action to be taken on charges preferred by Representative Welby, democrat of Ohio. It was indicated it might recommend investigation of the charges during the next session or dismissal of the matter in a resolution expressing criticism of Judge Landis for accepting a salary of \$42,500.00 as supreme arbiter of organized baseball while serving on the bench.  
At recent hearings Representative Houstend declared the conduct of Judge Landis was outrageous, while Representative Boise suggested that the judge might be forced by public opinion to resign on his position.  
Other members of the sub-committee gave no indication of their attitude.

# Who Is Responsible For Indiana Wreck?

Operator and Towerman Say "Signal Was at 'Stop'"; Engineer and Fireman Say "Signal Was at 'Clear' Position"—New York Central Officials Say "Mechanically Impossible."

(By the Associated Press)  
PORTER, Ind., March 1.—Investigations by Indiana state officials of the Michigan Central and New York Central railroads were continuing today to determine the cause of the wreck here Sunday night.  
Both Towerman Cook and Operator Charles Whitehead insisted that the New York Central train was given the right of way and that the Michigan Central track signals were set to stop that train, as the signals always remain at "Stop" until train approaches.  
New York Central officials declare the fact that the New York Central train did not leave the rails proved that the clear signal had been given that train and pointed out that it was mechanically impossible to give both trains a clear signal.

# Normal Club Will Give Play Tonight In the Auditorium

The play to be given in the Normal auditorium tonight by the Home Economics club this evening will be one of the best of its kind this year. The entire cast is home talent and those selected for the places are well fitted for them. They have been practicing for several weeks and are now ready to give a real show.  
"Mishaps of Minerva," the title of the play, is full of humorous incidents in the life of Minerva. How she manages to get through some of them forms a very interesting play and all who miss it will miss a real home talent treat.  
A matinee was given this afternoon and those who attended were well pleased with the performance. Final preparations have been made for tonight and the curtain rises at 8:15.

G. W. Abbott of Sioux Falls, S. D., arrived Sunday to get the latest news from the Ada field in which he owns considerable acreage. While he is making his home in the northern state at this time he still clings to his leases in the Ada field and expects to be rewarded abundantly someday before long.

# MATTEWAN TRIAL IS IN PROGRESS

(By the Associated Press)  
CHARLESTON, W. Va., March 1.—The prosecution rested in the Mattewan gun fight trial shortly before noon today. The state, however, reserved the right for consultation until later in the day and a recess was taken until this afternoon.

# INAUGURAL STAND NEARS COMPLETION

Most recent photo of stand being erected on capitol steps.

The stand on which President-elect Harding will become the nation's chief executive is practically completed. It is a small platform in comparison with the ones usually erected on the capitol steps for the event. Following the administering of the oath of office Harding will make a brief inaugural address and then depart for the White House.

# Cost \$10,338,509 to Elect Harding

Now Let's See if He's Really Worth It

WASHINGTON, Mar. 1.—Campaign costs of electing a president of the United States in 1920 were \$10,338,509.00 as estimated by a special senate committee created to investigate them, which today filed its report with congress. Of this amount republican candidates and campaign organizations spent \$8,100,739.00 while democratic expenditures were \$2,237,770.00. The committee took into account the expenditures made by or in behalf of all candidates for the republican and democratic parties, and senatorial committees of both parties, neglecting amounts spent by candidates and organizations of minor political parties.  
Senator Kenyon, Iowa, Edie, New Jersey and Spencer, Missouri, republicans, and Pomerene, Ohio and Reed, Missouri, signed the report which was unanimous. In stating their conclusion that the "expenditures of these vast sums is a present and growing menace to the nation", no recommendations for congressional action were made, except a suggestion that election committees of the next congress should consider the question.  
While the largest sums of campaign expenditures found were those of the national organization, which the committee said was \$5,319,729 for the republican party and \$1,318,274 for the democratic candidates who sought presidential nomination from the convention accounted for a total of \$2,580,033.00.  
Major General Wood's efforts to secure the republican nomination involved an expense of \$1,773,303, the committee found, while for Frank O. Lowden the total was \$414,000, for Senator Johnson of California \$194,000, for Herbert Hoover \$173,000 and for President elect Harding \$113,000. Attorney General Palmer led the democrats in expenditures, the amount being fixed at \$59,000, while Governor Cox, who secured the nomination, spent \$22,000.

# GIANT AIRSHIP IS PURCHASED FOR ARMY AIR SERVICE

(By the Associated Press)  
WASHINGTON, Mar. 1.—The army will have an airship capable of carrying 100 passengers in addition to the crew when the great Italian semi-rigid dirigible "Roma" recently purchased, arrives. An air service detachment is enroute to Italy to deflate the big bag and bring it home on ship board.  
The "Roma" driven by six twelve cylinder engines developing an aggregate of 2,400 horse power, has a lifting capacity of 65,000 pounds. She can carry nearly 19 tons thro the air in addition to herself and her crew at an estimated maximum speed of 80 miles an hour. The big gas bag, holding 1,200,000 cubic feet of gas, is longer than all but the most modern war craft, 410 feet, and is 82 feet wide while bag and car tower to a height of 86 feet, six inches.  
With filled gasoline tanks the ship has a full speed radius of 350 miles and at cruising speed could go 800 miles without landing.  
The "Roma" was constructed under personal supervision of Signor Uselli whose name has been applied to aircraft of that particular type. She was designed for commercial uses originally, but was sold to the U. S. for \$200,000. It would cost \$1,250,000 to duplicate her, experts figure.

# KATY WRECK DOES LITTLE DAMAGE

Trains Detoured Through Holdenville; Track Clear Last Night.

Very little damage was done when the southbound M. K. & T. passenger train No. 20 due to reach Ada at 11:18 a. m. left the rails yesterday at 9:45 a. m. between Maude and Harjo. The train was traveling at a low rate of speed and none of the cars derailed turned over.  
The wrecker arrived from Oklahoma City at 5 p. m. and the track was cleared and made safe for slow speed at 11 p. m. Passengers on the derailed train were taken back to Shawnee in the one chair car which did not leave the rails and with a baggage car added the stub train was detoured via the Rock Island and Frisco lines to Ada through Holdenville. The delayed train reached Ada at 5:30 p. m.  
Train No. 19 due to arrive in Ada at 4:30 p. m. and No. 16, due at 10:18 p. m. were also detoured in the same route which resulted in their running a few hours late at this city.  
The wreck is said to have been due to a broken flange on a wheel of the engine which was the first of the engine to stop the motion of the other cars.  
Partly cloudy tonight, colder in northwest portion, Wednesday partly cloudy. Cooler in north and west portion.

# AGED POST OFFICE MESSENGER ROBBED

(By the Associated Press)  
JEFFERSON CITY, Mo., March 1.—Four armed men early today robbed George Williams, 60 years old, a post office messenger, of three pouches of registered mail. The value of the mail has not been determined.  
The bandits waylaid Williams at 2 a. m., abducted him and carried him in an automobile to a point near New Bloomfield, 15 miles north of here, here they handcuffed him to a tree.

# BARUCH DID NOT PROFITEER, SAYS PRES. WILSON

Letter to Garrett Demands Statement of Facts Clarifying Situation.

(By the Associated Press)  
WASHINGTON, March 1.—President Wilson came today to the defense of B. M. Baruch and John D. Ryan, who have been charged by representative Mason, republican of Illinois with profiteering in copper while serving during the war.  
In a letter to representative Garrett, democrat of Tennessee, the president said: "The charges and insinuations had been satisfactorily answered, but that he thought a statement of the facts from him, as to the fixing of the price of copper during the war might clarify the situation.  
The president denied flatly that either Mr. Baruch or Mr. Ryan had anything to do with the price fixing negotiations for which he said Judge Robert S. Lovett, priority commissioner for the government during the war, was responsible in the initial stages.

# KANSAS MINERS ON SYMPATHY STRIKE

(By the Associated Press)  
PITTSBURG, Kan., March 1.—Complete idleness prevailed in the Kansas coal fields here early today. The miners are refraining from work because of the preliminary hearing of Alexander Howat, president and Augustus Dorchy, vice-president of the Kansas Miners union at Columbus, where they face criminal charges in connection with the calling of the strike at the "H" mine of the George Mackie Fuel company at Seamon, several weeks ago.

# CITY HALL GETS IMPROVEMENTS

Fire Damage Is Repaired; Entire Building Is Redecorated.

Having just received new repairs for the fire damage, some new fixtures, new windows and doors where they were needed, varnish for the woodwork and calsoning for the ceilings and walls, the City Hall has taken on a fresh spring like appearance that speaks well for the city. All of the remodeling and refinishing work is now about completed and J. W. Guess, who has had charge of the work expects to finish the work this week.  
On the ground floor the offices have been calsonimed, new doors and windows installed, where needed and the interior made very beautiful. The police headquarters have been painted blue, all the woodwork has been varnished a mahogany color and a new appearance in general is the result.  
The overhauling is not so noticeable until one gets to the top floor. The stairway and outer hall is blue with a cream ceiling. The main hall is light brown with a cream ceiling and all the woodwork is varnished mahogany. The city commissioners office, the mayors office and the fire boys bedroom are all dark brown with a cream ceiling. The woodwork in these rooms is also mahogany. A new door has been installed leading into the mayors office. New windows have been put in the transom over the double doors leading to the main hall and also new windows where the fire damaged them. All the damage done by the fire has been removed and is now in even a better condition than before.  
The fire boys are planning to decorate their room with pictures and other decorations that will give it a pleasant home like appearance. This when finished will place the Ada fire boys quarters among the best anywhere.  
Ada's City Hall is now one to be proud of and the mayor is pleased with the improvements that have been made.  
Mrs. M. J. Newton is confined to her home today on account of illness.  
H. A. Hicks of Ardmore was looking after business interests in this city yesterday and this morning, returning to his home there today.  
Mr. and Mrs. G. D. Wells were here yesterday from Stratford looking after various business matters and visiting business friends.

# Building in City Grows Better; Many Houses Are Going Up

Building permits to the amount of a little over \$10,000 have been issued by W. B. Jones, commissioner of finance, since February 23. All of the permits granted are for residences, some of which will be among the best in the bungalow residences in the city.  
Permits issued for the past month show that a greater interest in building is being taken by Ada home builders and as a result many new homes are under construction. All over the residence part of the city new homes can be seen under construction and more will be seen in the near future.

# LEONARD WOOD ISLAND ATTORNEY?

Harding May Choose Former Opponent for Prosecutor in Philippines.

MARION, O., March 1.—Returning to Marion for a short visit before going to the White House, President-elect Harding will hold a conference today with Major General Leonard Wood, who is prominently under consideration for appointment as attorney general of the Philippine Islands. Although no formal offer has been made, it is believed by those close to Mr. Harding that his former chief opponent for the presidential nomination can have the island governorship if he wants it, and that the meeting of the two here today went a long way toward making the selection definite.  
The president-elect and Mrs. Harding reached their home town from Florida early this morning after an absence of more than five weeks.

# Martin and Winters Must Stand Trial In District Court

Shortly before the trial of J. R. (Zeke) Martin started yesterday afternoon, County Attorney Wayne Waddington filed a minute complaint against Walter Winters charging him jointly with Martin in the alleged attempt to take the life of Tom Christy, the showman who was shot by Martin and struck by Winters last week.  
In the preliminary hearing which followed both men were bound over for trial in the district court on charges of assault with intent to kill. Bond was fixed at \$2,000 and was made by each.  
Weak and faint from his injuries Christy walked to the court house and told of the cowardly attack which was made on him at the James & Duncan restaurant a few minutes after he reached the city. His wife also testified, as did another member of the show troupe who was present when the shooting occurred.  
Neither of the defendants took the stand, and no testimony was offered for the defense.  
The testimony for the state did not show conclusively that the two Ada men acted jointly in their alleged attack on Christy but was considered sufficiently strong by Justice Brown to bind them over for trial.

# Germans Today Make Counter Offer to Allies

Lloyd George and Premier Briand Smile While Dr. Simonds, the German Foreign Minister Frown Leaving Council Chamber Where Overtures Are Refused.

(By the Associated Press)  
LONDON, March 1.—Germany through her delegates to the conference with the allies here today made reparations offers of approximately thirty billion gold marks or about seven and one half billion dollars.  
Mr. Lloyd George told the German foreign minister, Dr. Simonds, at the conclusion of his statement, on reparations:  
"If the written proposals are of the same general character as the explanations of them, it isn't worth while for us to read them. You have a complete lack of comprehension of the position of the allies and of your own position. We will discuss among ourselves the reply and give it to you tomorrow at eleven o'clock."  
When the Germans left the conference they appeared to be greatly depressed. Premiers Lloyd George and Briand were smiling as they came from the conference chamber.  
Mrs. Bonnie Sterling left today for Oklahoma City where she will spend a few days looking after business interests.

# REPLY OF COUNCIL FRIENDLY TO THE UNITED STATES

Invitation Extended to Continue Conversations; Text Not Made Public.

(By the Associated Press)  
PARIS, March 1.—The reply of the council of the league of nations to the American note on the mandates question was delivered to the American embassy here this afternoon.  
The only definite information as to the contents of the note is that its tone is particularly friendly and that its general tenor is an invitation to the United States to continue the conversations.  
A representative of the council conferred with Ambassador Wallace this afternoon, as to whether there would be any objection to having the note made public here.

Dewey Grigsby made an overland business trip to Stone wall yesterday in the interest of the Shaffer Oil company.

Mrs. Harry Jacobs left this morning for Holdenville after spending a few days here shopping and looking after business matters.

# Mother of Ada Attorney Growing Better Each Day

Report from the bedside of Mrs. G. W. Busby of Allen indicate that the mother of the Ada attorney was painfully but not seriously injured in the auto wreck which occurred on the Ada-Allen road Friday afternoon. Orel returned to Ada, Sunday, after being assured by the doctors that his mother would be as well as ever within a short time.  
Mr. and Mrs. Busby were on their way to Ada to visit their son when the accident occurred. Near the outskirts of Oldtown, a suburb of Allen, one of the front wheels of the car struck a rock in the road which turned the car sharply toward the edge of a bridge which had no banister. The car jumped off the bridge and plunged downward, dropping ten feet to the sandy bed of the dry creek. In its decent the car turned upside down and pinned both Mr. and Mrs. Busby under its weight.  
Several persons saw the accident happen and a large crowd soon gathered around the car, and lifted it up enough to release the aged couple. An edge of the car rested across the breast of Mrs. Busby and the steering wheel was bent over the legs of her husband in such a way that held him prisoner.  
Mrs. Busby was unconscious when her friends removed the car, but Mr. Busby was only slightly injured. Soon after the weight of the car was removed Mrs. Busby returned consciousness and has grown steadily in strength since that time.  
S. C. Burnett was in the city yesterday and today from Allen transacting business matters.  
Mr. and Mrs. John Fleet of Sasakwa arrived in the city yesterday and will be here the remainder of the week looking after business matters.

# BILL TO FINANCE NAVY IS IN DANGER

(By the Associated Press)  
WASHINGTON, Mar. 1.—The naval appropriation bill was before the senate today with leaders fearing a filibuster, that was in a fair way to develop at last night's session, would kill all chances for its passage at this term of congress.  
M. H. Hill of Steedman spent a short time yesterday visiting local business friends in this city.

THE NEW CABINET.

Quite universally the editorial comment on President-elect Warren G. Harding's selections for his cabinet personnel is complimentary.

The naming of Edwin Denby of Michigan, possibly more than the selection of Andrew W. Mellon of Pennsylvania, created the biggest surprise, if exception is made of the appointment of James J. Davis to the post of labor.

It was to be expected that Charles Evans Hughes would become the next secretary of state. Born in Glens Falls, New York fifty-eight years ago he has risen to eminence in the field of American Jurisprudence and is considered as an exceptional man for this position. He is a man of University training, practiced and taught law, New York, 1884-1900; conducted insurance investigation, New York legislature 1905-06; governor of New York, 1907-08 and 1909-10; associate justice, United States supreme court, 1910-16; republican nominee for president, 1916; practiced law since in New York; conducted government aircraft investigation, 1918.

Herbert Hoover, in the years that he has been prominent in national life, is eminently qualified for the post of commerce. He is a graduate of Stanford University and a mining engineer by profession. His occupation during the war brought him into the limelight when he displayed such rare administrative ability of such rare executive capacity, that he became at once a factor and an important one in helping to to win the war.

He was born in West Branch Iowa forty-six years ago. He has had wide experience in geological and mining enterprises, U. S. and abroad. Chairman American Relief committee, London, 1914-15; relief in Belgium, 1915-18; U. S. food administrator, 1917-19; honored and decorated by foreign nations for war services; received 10 1-2 votes Republican national convention for presidential nomination; Near East relief 1920-21.

It is admitted that Henry C. Wallace of Iowa, editor and publisher, farmer and livestock breeder, fifty-four years of age, is well qualified for the position of secretary of agriculture.

By reason of his services prior to and during the national campaign in behalf of the successful republican contestant, Harry M. Daugherty, of Ohio, lawyer, born sixty-one years ago, for attorney general is considered to be an excellent choice. He was Mr. Harding's campaign manager at the Chicago convention and will continue to be his counselor during his administration.

John W. Weeks of Massachusetts, is recognized as a capable man and will fill the position of secretary of war with distinction. Briefly, he is a banker, born, Lancaster, N. H.; age sixty years; graduate U. S. Naval academy, 1881. U. S. midshipman, 1881-83; member firm of bankers and brokers, Boston, 1881-1912; senator, 1913-19; candidate Republican presidential nomination, 1916; served in Massachusetts naval brigade 10 years; volunteer navy during Spanish-American war.

As postmaster general it is conceded that Will H. Hays chairman of the national republican committee will fill the bill with satisfaction. Mr. Hays is still a comparatively young man, forty-one years of age, and hails from Indiana.

While there may be adversity of opinion expressed regarding the appointment of Senator Albert B. Fall to the post of secretary of the interior, the consensus of opinion is that he is a good selection, and comes pretty close to filling the demand for the appointment of a man from the west. He is a farmer, rancher, miner and lawyer, served in the New Mexico legislature, associate justice on the New Mexico supreme bench and United States senator since 1912.

Andrew W. Mellon of Pennsylvania will make a splendid addition to the president's official family. He will be secretary of the treasury. Banker, born Pittsburgh, Pa.; age 65 years; university education; entered banking business 1874; president Mellon National bank 1902 to present; active in industrial and financial developments in western Pennsylvania; trustee University of Pittsburgh and with brother founded Mellon Institute of Industrial Research; identified with many charitable and welfare organizations.

For secretary of the navy, Edwin Denby of Michigan, is considered a capable man both from knowledge, and experience. He is 60 years of age. In 1881 he accompanied his father who was then United States minister to China and spent ten years in the Chinese Imperial Maritime customs service. Was gunner's mate on U. S. Yosemite during the Spanish-American war; sergeant U. S. Marine corps in 1917 and served in the Michigan legislature and in the fifty-ninth and sixty-first congresses from the First Michigan congressional district.

While little is known regarding James J. Davis in a public way, he is described as a labor leader. He was born in Tredger, Wales; age 47 years; went to Pittsburgh with parents at age of four years; at 11 began work in steel mills becoming a puddler; removed to Elwood City, Ind., 1893; held city and county offices there; chose in 1906 to reorganize Loyal Order of Moose of which he is now the head; member of Amalgamated Association of Iron and Steel Workers and always has been active in union affairs.

FARMERS WARNED NOT TO DO TOO MUCH GARDENING

Don't plant too much garden truck, is the warning sounded to farmers in the current issue of the Oklahoma Farmer-Stockman. "There is nothing but common sense in any plan which will furnish the home grub supply and every farmer everywhere, ought to make that his first job," it says, "but a lot of folks are figuring on planting truck crops for sale, so many of them in fact that if we have a good season there is likely to be vastly more market truck than can possibly be disposed of."

It is pointed out that farmers who never before planted potatoes, tomatoes, watermelons, cantaloupes and other such crops for the market are preparing to put out little patches this spring. Some are getting ready to plant more than a little.

"The growing of truck for the market is a specialist's job," says the Farmer-Stockman. "The problem of bugs is not to be sneezed at. Truck crops must be picked and packed just so, in exactly the right sort of containers and of exactly the right grades in order to tempt the city consumer to buy. Truck must be gathered at just the right time and gotten to market with all possible speed. The grower must have a positive knowledge of where to sell to advantage. The man who gets by with garden truck as a market proposition will even now be studying out his markets, long before the crop is even planted."

"There is no question but that truck prices will be low this year in harmony with everything else. Last year's prices will not be seen again for awhile. It is a fine thing to plant enough truck for the home living and some over for the market; but the man who plunges on garden truck this year, thinking to make up for his cotton and corn and wheat losses of 1920, is more than likely planning to lean on a broken reed."

WAR VETERAN IS NOTED FOR MANY DEEDS OF VALOR

(By the Associated Press.)

WASHINGTON, Mar. 1.—When Edward M. Bentley, Chicago law student, enlisted in the army for the war, he went in lock, stock and barrel, the whole 205 pounds of him. He got to France with the First division, became Sergt. Bentley, was wounded and came home to conduct a singlehanded recruiting campaign in the south that has backed all previous exploits of the kind off the map. The sergeant conceived the idea of "hiking" through the Blue Ridge mountains in search of good soldier material. He was at it eight months. When he wound up with a stay at Walter Reed hospital here to recover from the exhausting

effects of the experience, he was shy 54 pounds in weight, had spent \$2,000 of his own money, worn out seventeen pair of army shoes, been shot at by a suspicious moonshiner but had enrolled 1,107 recruits, 1,004 of whom had passed muster and are now in the army.

Incidentally, the suspicious, young moonshiner who took a crack at the soldier with a rifle is one of the recruits. Bentley talked it out with him over a nip of the mountain dew and said he had turned a poor whiskey maker into a good soldier.

ART NOT LACKING IN INTEREST NOW CONDITIONS SHOW

(By the Associated Press.)  
CHICAGO, Mar. 1.—Art is keeping right up behind the band these days.

Attendance at the art school of the Chicago Art Institute, the largest-art school in the world, set new records last year, Controller C. A. Hough announces. Pupils at the school from Jan. 1, 1920, to Jan. 1, 1921, numbered 4,267, he reports.

Public attendance at the institute continued to climb in 1920, reaching 1,136,174 persons. This was nearly 100,000 more than the previous year. Visitors on a recent Sunday totalled 15,800.

In membership the institute is first in the country, Mr. Hough reports. It has touched 12,600. The museum's income, he said, is between a quarter and a half million dollars, its endowment amounting to about \$3,500,000. The Ryerson Library of the institute devoted entirely to art, has acquired a total of 14,000 volumes, while the Burnham Library devoted to architecture has 2,700. Attendance figures for both, last year reached 64,000.

SIMPSON'S  
—THE SURPRISE STORE—

115-117 WEST MAIN ST.

Smile and the world smiles with you;  
Knock, and you go it alone;  
For the cheerful grin will let you in  
Where the kicker is never known.

Growl, and the way looks dreary;  
Laugh, and the path is bright;  
For a welcome smile brings sunshine, while  
A frown shuts out the light.

Sigh, and you rake in nothing,  
Work, and the prize is won;  
For the nifty man in backbone  
By nothing be outdone.

Hustle, and fortune awaits you;  
Shirk, and defeat is sure;  
For there's no chance of deliverance  
For the chap who can't endure.

Sing, and the world's harmonious,  
Grumble, and things go wrong;  
And all the time you are out of rhyme  
With the busy, bustling throng.

Kick, and there's trouble brewing,  
Whistle, and life is gay,  
And the world's in tune with a day  
In June.

And the clouds all melt away.

## PLANT FOR DRYING POTATOES BUILT AT BROKEN ARROW

BROKEN ARROW, Mar. 1.—Broken Arrow is to have a plant designed after those in many communities over the country for drying sweet potatoes, if the plans submitted to a recent meeting of business men and farmers of this community are adopted.

A Dallas contractor, who has built several such plants, proposes to construct one here at a cost of \$15,000 that will have a capacity of 50,000 bushels. The plan is considered feasible by many citizens and farmers of the community in view of the sweet potato production here.

## "East More Corn Bread."

(By the Associated Press)  
BLOOMINGTON, Ill., Mar. 1.—In a public statement issued here M. E. Ryan urges:

"Serve more corn bread, in order to promote the general health of the people and insure the farmer against impending bankruptcy."

A southern housewife says that one reason why more corn bread is not eaten is because it is made northern style.

## HUSBAND APPEALS FOR AID TO FREE CONVICTED WIFE

DENVER, Col., Feb. 28.—An advertisement in a morning newspaper signed by Richard Peete, asks the public to subscribe a fund to be used to carry an appeal to the higher courts in behalf of Mrs. Peete, his wife, recently convicted of a murder charge in Los Angeles. Mrs. Peete was charged with the murder of Jacob C. Denton, wealthy mining man whose home she had leased.

"I waive all sensitiveness in this hopeful effort to save an innocent woman, a mother and a wife," the advertisement says. "Will gratefully consider such contributions to this fund as a sacred loan, anticipating my ability to repay on grounds of promising financial return from several forces open to us when Mrs. Peete's fate is definitely settled."

A local bank is named depository for the fund. The advertisement says Mrs. Peete and his daughter will remain in Los Angeles until the fight is won or hopelessly lost.

Notice to Contractors.  
SEALED BIDS will be received until 11:30 a. m. March 10, 1921, by clerk of Board of Education, Vanoss, Okla., County of Pontotoc, for the erection and completion of a one story and auditorium school building. In accordance with plans and specifications prepared by Monnet & Ried, Architects, Oklahoma City, Oklahoma. Plans may be obtained from the architects upon a deposit of \$25.00 which will be refunded upon return of plans and specifications. A certified check, or bidders bond, of 5 percent of bid must accompany each bid as a guarantee that the successful contractor will make the required surety bond in accordance with the state laws. The board reserves the right to reject any or all bids. 2-28-41d

"HELL" AND "DAM" GOOD SAXON WORDS SAYS MINISTER  
CHICAGO, Ill., Mar. 1.—While Rev. George Craig Stewart, rector of St. Luke's Episcopal church, Evanston, Ill., is authority for the statement that the words "hell" and "damn" are good Saxon words, yet he deprecates their use, except where an extraordinary comparison is necessary to express the thought intended.

Certain things are damnable and ought to be condemned, Rev. Stewart explains. When a comparison is needed to emphasize something so low as to be almost devoid of a possible comparison, "hell" is not oftentimes out of place, the pastor states.

By saving as little as \$5 per month you can buy one share of stock, paying \$7 per year dividends. Thus, if you purchase five shares of stock, at \$25 per month, you will have an extra income of \$35 per year without work or worry. With such a start you can go on, a little each month, and build up an income that will make you independent.

## Stands Every Test of Safety

You can test the strength of North American Light and Power Company Preferred Stock by the most searching analysis and you will want to become a stockholder.

Our Company is supplying vital, indispensable services to people and industry in greater volume than ever before. These demands are increasing and must be met by improvements and extensions. *Herein lies your chance for sound investment.* Your money goes into the property for this improvement and enlargement.

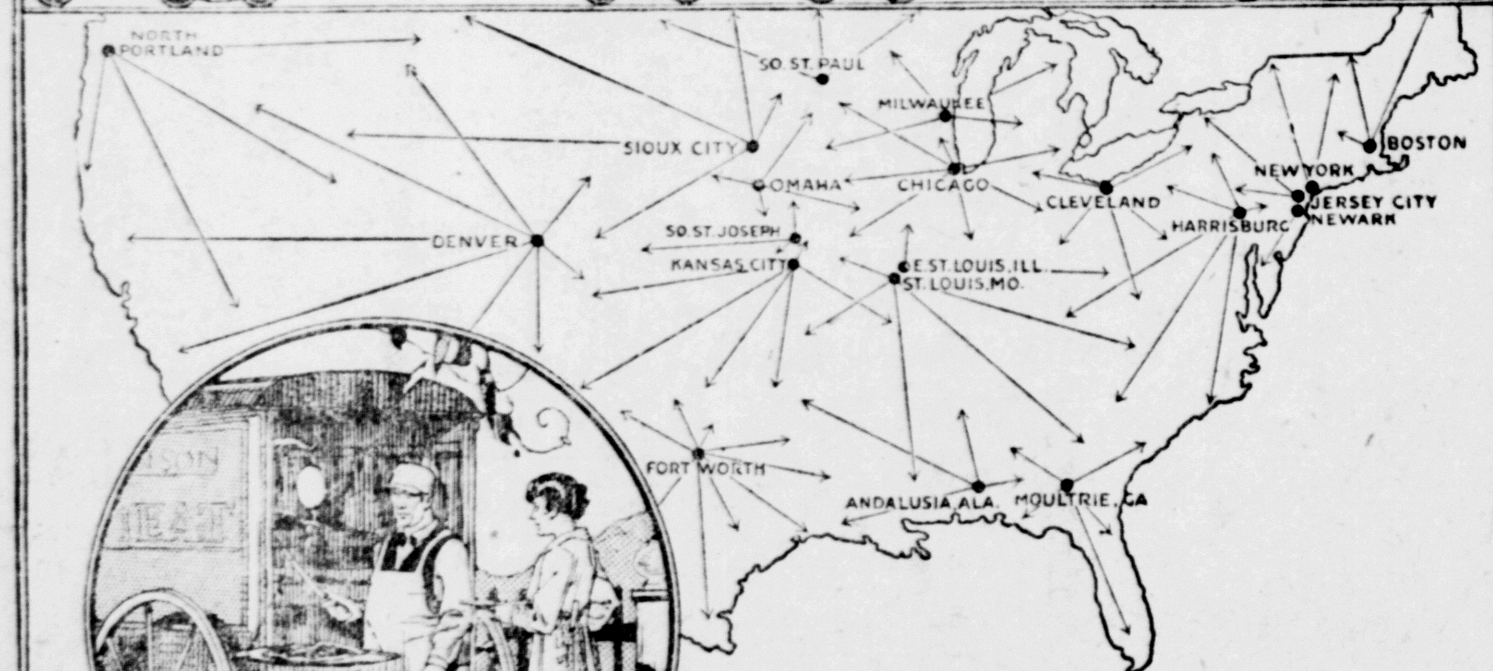

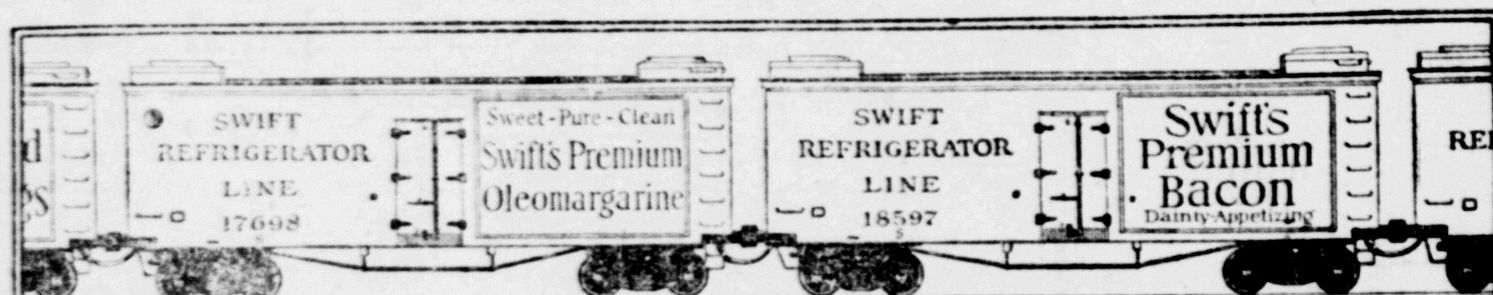

When you put your money to work in this Company you invest in a HOME enterprise, helping to maintain home prosperity. Every three months you receive your dividend check by mail from the Company's earnings.

## Meat — then and now

THE meat peddler of the old days, who killed his own live stock and then sold the meat from the tail of a cart, is gone from our larger towns and cities. He was a pioneer and did good service but he couldn't keep up with his job. Crude methods had to give way to new ideas in sanitation and distribution.

Concentration of population drove the peddler and his wagon out and brought the modern packing industry and the neighborhood retailer in his place.

And the modern packing business means this: That near the farms and ranches, the centers of live stock production, are packing plants that assemble and manufacture the meat products you use.

That swift and sanitary refrigerator cars carry your meat from these packing plants to every part of the country.

Dealers in towns and villages are supplied directly and regularly from these refrigerator cars.

And in cities the refrigerator car is unloaded into branch houses, chilled and sanitary, from which deliveries are made to your meat shop. And all the time the meat is kept so chilled that deterioration is prevented.

Swift & Company's plants and branches are co-ordinated, interchanging supply and supporting each other, when necessary, so that no section of the country may ever lack its daily meat.

Swift & Company, U. S. A.

## A TONIC FOR WOMEN

San Antonio, Texas.—"After a serious illness, when my strength seemed as though it would not come back to me, I decided to try Dr. Pierce's Favorite Prescription as a tonic. I had seen it advertised and recommended so highly that I felt I could not go far astray. This medicine did all for me that could be desired. It restored me to perfect health and strength in a comparatively short time and I am just as strong and well as can be."—MRS. HETTIE McLANE, 308 Bowie St. All druggists.

Got No Invitation.  
A disappointed Nebraska youth  
proves it is all a mistake about hell  
having no ury like a woman scorned.  
They didn't invite him to the  
dance at the school house. So he  
nailed the window shut, tied the  
door from the outside and dropped  
two skunks into the room. While  
the boys were busy restoring several  
of the girls who had fainted, the  
stove began to emit volumes of  
smoke because a board weighted  
with stones had been put on top  
of the chimney. Next time maybe  
they'll ask him to the party.

## IN SOCIETY

The Time of Wrath Is Past.  
Awake! Awake! The stars are pale,  
The east is russet gray;  
They fade, behold the phantoms  
fade, that keep the gates of  
Day.

Throw wide the burning valves, and  
let the golden streets be free,  
The morning watch is past—the  
watch of evening shall not be.

Put off, put off your mail, ye kings,  
and beat your brands to dust;  
A surer grasp your hands must  
know, your hearts a better  
trust.

Nay, bend aback the lance's point,  
and break the helmet bar;  
A noise is on the morning winds;  
but not the noise of war

For aye, the time of wrath is past,  
and near the time of rest,  
And honor binds the brow of man,  
and faithfulness his breast.  
Behold, the time of wrath is past,  
and righteousness shall be,  
And the Wolf is dead in the sea!  
and the Dragon in the sea!

—John Ruskin.

## NEW SPORTS SUIT FOR EARLY SPRING

By Eloise

The sport suit always comes  
up for a good deal of attention  
as the winter begins to wane.  
A lighter weight garment is  
needed for the milder days,  
and yet it is not nearly time  
for the real spring suit. The  
sports suit of wool with its  
high collar and interlining is  
just the thing, for it is warm  
enough to be worn without an  
extra scarf or fur piece.  
Here is a very girlish and  
simple suit for sports and gen-  
eral utility wear. It is made  
of brown ribbed wool duvetyne.  
The skirt is plain and short,  
which facilitates walking. The  
jacket is of medium length with  
large patch pockets trimmed  
with buttoned tabs. A narrow  
belt marks the waist line and  
a very novel and unusual col-  
lar in scarf effect completes the  
coat. This collar is fringed and  
wraps around the neck just like  
a scarf. It is fastened to the  
coat and when worn open hangs  
down in tuxedo fashion below  
the belt.

A brown duvetyne hat with  
wool stitching about the brim  
and an embroidered ornament  
on the crown is a smart top-  
ping for the outfit.

## Church News

To Have Special Service.  
At the annual business meeting  
of the First Baptist church last  
Wednesday evening they elected all  
church officers, Sunday school teach-  
ers and officers, and leaders for  
all the organizations of the church.  
Next Sunday morning the pastor  
will preach a special sermon to  
all these newly elected officers, and  
the teachers of the Sunday school.  
Special seats will be reserved for  
them and every teacher and offi-  
cer will be expected to be present.  
We are very anxious for the year  
1921 to be the best in all our  
history and to that end we will  
lay ourselves out. We want our  
church to fill a definite place in  
the religious life of the city. We  
want it to be the friendliest place  
in Ada, and we extend a cordial  
welcome to all people, and we be-  
lieve if you will come once you  
will want to come back again.  
CLYDE C. MORRIS, Pastor.

## Francis and Normal Basketball Teams to Play the First Game

The first basketball game to  
come under the supervision of the  
Pontotoc County Basketball asso-  
ciation will be played tomorrow  
night in the Normal gym, the first  
game beginning at 7 o'clock. There  
will be two games played that night,  
the A and B classes of Francis  
playing against the A and B  
classes of the Normal.

The Francis team has played sev-  
eral games this season and has  
made an excellent showing. They  
have some good material in both  
classes and, under the direction of  
an able coach, have developed into  
a foe to be reckoned with by  
their opponents.

The Normal team has been given  
many hard workouts by the coach  
but have not appeared in any game  
yet. Just what showing they will  
make is not known, but it is ex-  
pected that they will play a good  
game. These two games will be  
the initial opening of the season  
and the fans will miss a good op-  
portunity to see what ability the  
teams will likely show during the  
season if they fail to see them.

## GREAT GRAND NIECE OF BETSY ROSS DIES

(By the Associated Press)  
PHILADELPHIA, Jan. 7.—An-  
nouncement was made today of the  
death at her home here yesterday  
of Mrs. Isold Earle Beale, great  
grand niece of Betsy Ross, and sec-  
ond cousin of the first British am-  
bassador to the United States. She  
was one of the organizers of the  
flag house chapter, daughters of  
the American revolution.

## Should Wife Be Forced to Give Child?

## World War Leads To Hard Domestic Problem in England.

LONDON, Jan. 7.—Wise men  
—and wise women, too—of  
England are trying to answer  
the war's most peculiar human  
problem, and have failed!

Failing, they wonder if the  
wisdom of the world is suf-  
ficient to fathom the correct  
answer.

It's an Enoch Arden puzzle,  
which was created by the war  
office blundering and notifying  
a war bride that her husband  
had been killed in action.

Married Again.  
After waiting a year or so,  
the young woman married again  
and in course of time bore her  
second husband a child.

Then the first husband re-  
turned home, sought out his  
wife in Norfolk, and claimed  
her for his own. Her love was  
rekindled, too, and they were  
about to make a new home for  
themselves when—

"You'll have to give up HIS  
baby," said the first husband.  
"I'll be glad to rear my own  
child," said the second hus-  
band.

"But I CAN'T give up my own  
flesh and blood!" cried the  
mother.

Should the wife give up the  
child of her second marriage  
for the sake of the husband  
of her first?

"She should—the child is il-  
legitimate," argues one side.

"She shouldn't—no man is  
worth such a sacrifice as a  
mother," answers the other  
side.

"A man under all circum-  
stances is responsible for his  
wife's actions," says Mrs. M. W.  
Nevison, J. P., a social work-  
er. "The first husband should  
accept the responsibility of the  
child."

Can America help England?

## Pre-Inventory Sale Opened at Moser's Department Store

The Moser's department store  
opened this morning at 9 o'clock  
on their fourteen-day pre-inventory  
sale. There was a large crowd  
present at the opening and the store  
has been crowded all day in a  
scramble for the large list of bar-  
gains offered.

To the first visitors at the store  
this morning were given a pair  
of hose. These gifts were ap-  
preciated by those who received  
them. After the sale closes on

out? What do you think about  
it?

January 22, the annual inventory  
will be made.

This store is full of all kinds  
of dry goods which the manage-  
ment are offering to the public at  
reduced prices. W. G. Moser, pro-  
prietor of the store, has many  
friends here and has made a large  
business out of a small one. He  
also has a force of clerks em-  
ployed who have made friends here  
and who are very ably assisting  
him in the sale.

# TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store, all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to return our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, as one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.

# AMERICANS JOLT GERMAN FORMALITY

(By the Associated Press)  
BERLIN.—Formality and ceremony received a number of rather rough jolts during a tour of Germany just completed by 15 American farmer boys who came to this country with a shipload of milk cows given to Germany by farmers in the United States. The young men have returned to Berlin after a trip of 16 days to many of the principal cities of the country, during which they saw Germany and her people and enjoyed themselves in their own way. The Americans are natives of Indiana, Kansas and Texas, and they brought to this country the unconventional atmosphere of their prairies.

Reception committees which gathered at stations, expecting to welcome a frock-coated, silk hatted delegation were astonished to see the breezy Americans swarm off their special car, and ignoring dignified burgomasters and officials, extend their hands in greeting to farmers, shouting: "You fellows

work; your hands are calloused." Disregard Formality. In some places there was outspoken astonishment at the unconventional manner of the Americans and their disregard of the feelings of the high officials, but W. E. Schmidt, representative of the German Red Cross, who accompanied the Americans, was always at hand to explain matters. "Germans don't understand them," he said. "They are lawfully decent fellows and polite in their way, too. Every man in a party riding on a street car last night got up and promptly gave a woman his seat. The Germans on board kept their seats. The trouble was merely a matter of viewpoint." Stories of the tremendous size of farms in the Mississippi valley were told Herr Schmidt by the visitors, who could not refrain from narrating some anecdotes that would sound quite venerable in America. They told him about the man whose farm was so large that he began planting at one end of the field in the spring and found before he reached the other end that the corn harvest had begun. Herr Schmidt retaliated by promising to show them the field of Templehof, near Berlin "where people equipped with spoons go out in the morning to fill their buckets

with maple syrup." Speak as They Please. The only unpleasant incident occurred at Bochum, where the Americans were criticized for speaking English. "Why don't you speak German?" a man asked him. "You are in Germany, and not America." "We speak what we want to," came the quick rejoinder from a Kansan, and the matter was abruptly dropped. No Germans were permitted to enter the American car, although after the first few days, all fear of antagonism vanished. "Germany and the United States are still technically at war," a German official assigned to the party said, "and we didn't know how things would go, but there is no occasion for fear." The Americans, after given their first sight of Germany, declared they liked the country, but Peter Andres of Elbing, Kan., summed up the sentiments of the party by saying: "There is too much misery here. There are too many rich and too many poor. But then, it seems the people must be one or the other. Kansas suits me." The German Red Cross does not plan to take other American parties

on tours of the country. Herr Schmidt said today. "Don't you like Americans?" he was asked. Money Is Lacking. "Yes, but we haven't enough money," he replied. "The American Dairy Cattle Co., which forwarded the milk cows to Germany asked us to do this so that the boys could report on conditions on their return. We would be glad to guide other parties about the country, but it cannot be done." Asked if what they had seen would appear to justify the gift of the cattle to Germany, several of the Americans said: "We have had plenty to eat and have been banqueted everywhere, but everywhere we have seen hungry children and tubercular adults who need milk." "If I had a hundred cows," continued one of them, "I'd give them all to Germany tomorrow." His companions nodded agreement with his words.

CHILDREN'S HEALTH UNDER CONSIDERATION AT PAWHUSKA (By the Associated Press) PAWHUSKA, Mar. 1.—A community institute for the purpose of obtaining comprehensive information on the health of children of the community is in progress here under the supervision of Miss Mabel E. Smith, trained nurse. Examinations are being conducted at the various schools and churches, where children gather each afternoon. The survey will extend not only to school children but also to those of younger ages. Physicians who are co-operating do not issue prescriptions but only pass on physical condition and recommend medical or surgical attention as is deemed necessary. For rapid healing there is nothing like Liquid Borzone. It mends torn flesh, heals cuts, burns or sores so quickly no time is lost from work. Price 30c, 60c and \$1.20. Sold by Hensler & Story. UNIVERSITY HAS MORE STUDENTS THAN GRADUATES NORMAN.—The University of Oklahoma has more students enrolled this year than it has had graduates in the twenty-five years in which it has been in operation. Richard H. Cloyd, Sooner alumni secretary states. Graduates, not including those who completed their degree work during the 1920 fall semester, number 2,346 and there are now 2,756 students enrolled at the state university. This makes 410 more students enrolled now than there are alumni. The total number of students formerly enrolled would reach the 25,000 mark, Cloyd says. Where did you get that new car, Oswald? This is no new auto, Josephus. It is my old one which was made as good as new at the East Main Garage. 2-28-2td
